INDEX OF AUTHORS AND SUBJECTS

AUTHORS

B

Book Reviews. 47.
Butter, A. J. M.: Drug Treatment in Epilepsy. 49.

C

Cobb, W. A.: Rhythmic Slow Discharges in the Electroencephalogram. 65.

D

Dawson, G. D. and Walter, W. Grey: Recommendations for the Design and Performance of Electroencephalographic Apparatus. 61.

E

Eysenck, Margaret D.: An Exploratory Study of Mental Organization in Senility. 15.

F

Feinstein, B., Pattle, R. E., and Weddell, G.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.

G

Gordon, I. R. S., and Tucker, Joyce F.: Lesions of the Central Nervous System in Herpes Zoster. 40.
Graham, J. D. P.: Static Tremor in Anxiety States. 57.

M

McGregor, I. S.: Cyclic Oculomotor Palsy. 22.

N

Norman, R. M.: Thalamic Degeneration Following Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type. 52.

P

Pattle, R. E., Feinstein, B., and Weddell, G.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.
Phillips, D. G.: Investigation of Vestibular Function Following Head Injury. 79.

R

Rees, W. Linford: Night Visual Capacity of Neurotic Soldiers. 34.

S

Slater, E.: Neurosis and Sexuality. 12.
Stewart, W. K.: Some Observations on the Effect of Centrifugal Force in Man. 24.

T

Tucker, Joyce F., and Gordon, I. R. S.: Lesions of the Central Nervous System in Herpes Zoster. 40.

V

Van Bogaert, L.: Une Leuco-Encéphalite Sclérosante Subaigue. 101.

W

Watterson, D.: The Effect of Age, Head Resistance, and Other Physical Factors on the Stimulus Threshold of Electrically Induced Convulsions. 121.
Weddell, G., Feinstein, B., and Pattle, R. E.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.
Walter, W. Grey, and Dawson, G. D.: Recommendations for the Design and Performance of Electroencephalographic Apparatus. 61.

SUBJECTS

A

Age, Head Resistance, and Other Physical Factors, The Effect of, on the Stimulus Threshold of Electrically Induced Convulsions. D. Watterson. 121.
Anxiety States, Static Tremor in. J. D. P. Graham. 57.
Atrophy, Thalamic Degeneration Following Bilateral Premotor Frontal Lobe, of the Strümpell Type. R. M. Norman. 52.

B

Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type, Thalamic Degeneration Following. R. M. Norman. 52.
Book Reviews. 47.

AUTHORS

B

Book Reviews. 47.
Butter, A. J. M.: Drug Treatment in Epilepsy. 49.

C

Cobb, W. A.: Rhythmic Slow Discharges in the Electroencephalogram. 65.

D

Dawson, G. D. and Walter, W. Grey: Recommendations for the Design and Performance of Electroencephalographic Apparatus. 61.

E

Eysenck, Margaret D.: An Exploratory Study of Mental Organization in Senility. 15.

F

Feinstein, B., Pattle, R. E., and Weddell, G.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.

G

Gordon, I. R. S., and Tucker, Joyce F.: Lesions of the Central Nervous System in Herpes Zoster. 40.
Graham, J. D. P.: Static Tremor in Anxiety States. 57.

M

McGregor, I. S.: Cyclic Oculomotor Palsy. 22.

N

Norman, R. M.: Thalamic Degeneration Following Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type. 52.

P

Pattle, R. E., Feinstein, B., and Weddell, G.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.
Phillips, D. G.: Investigation of Vestibular Function Following Head Injury. 79.

R

Rees, W. Linford: Night Visual Capacity of Neurotic Soldiers. 34.

S

Slater, E.: Neurosis and Sexuality. 12.
Stewart, W. K.: Some Observations on the Effect of Centrifugal Force in Man. 24.

T

Tucker, Joyce F., and Gordon, I. R. S.: Lesions of the Central Nervous System in Herpes Zoster. 40.

V

Van Bogaert, L.: Une Leuco-Encéphalite Sclérosante Subaigue. 101.

W

Watterson, D.: The Effect of Age, Head Resistance, and Other Physical Factors on the Stimulus Threshold of Electrically Induced Convulsions. 121.
Weddell, G., Feinstein, B., and Pattle, R. E.: Metabolic Factors Affecting Fibrillation in Denervated Muscle. 1.
Walter, W. Grey, and Dawson, G. D.: Recommendations for the Design and Performance of Electroencephalographic Apparatus. 61.

SUBJECTS

A

Age, Head Resistance, and Other Physical Factors, The Effect of, on the Stimulus Threshold of Electrically Induced Convulsions. D. Watterson. 121.
Anxiety States, Static Tremor in. J. D. P. Graham. 57.
Atrophy, Thalamic Degeneration Following Bilateral Premotor Frontal Lobe, of the Strümpell Type. R. M. Norman. 52.

B

Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type, Thalamic Degeneration Following. R. M. Norman. 52.
Book Reviews. 47.

C

Central Nervous System in Herpes Zoster, Lesions of the. I. R. S. Gordon and Joyce F. Tucker. 40.
Centrifugal Force in Man, Some Observations on the Effect of. W. K. Stewart. 24.
Convulsions, The Effect of Age, Head Resistance, and Other Physical Factors on the Stimulus Threshold of Electrically Induced. D. Watterson. 121.
Cyclic Oculomotor Palsy. I. S. McGregor. 22.

D

Degeneration, Thalamic, Following Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type. R. M. Norman. 52.
Denervated Muscle, Metabolic Factors Affecting Fibrillation in. B. Feinstein, R. E. Pattle, and G. Weddell. 1.
Design and Performance of Electroencephalographic Apparatus, Recommendations for the. G. D. Dawson and W. Grey Walter. 61.
Drug Treatment in Epilepsy. A. J. M. Butter. 49.

E

Effect of Age, Head Resistance, and Other Physical Factors on the Stimulus Threshold of Electrically Induced Convulsions, The. D. Watterson. 121.
Electrically Induced Convulsions, The Effect of Age, Head Resistance and Other Physical Factors on the Stimulus Threshold of. D. Watterson. 121.
Encéphalite Sclérosante Subaigue, Une Leuco-. L. Van Bogaert. 101.
Electroencephalogram, Rhythmic Slow Discharges in the. W. A. Cobb. 65.
Electroencephalographic Apparatus, Recommendations for the Design and Performance of. G. D. Dawson and W. Grey Walter. 61.
Epilepsy, Drug Treatment in. A. J. M. Butter. 49.
Exploratory Study of Mental Organization in Senility, An. Margaret D. Eysenck. 15.

F

Fibrillation in Denervated Muscle, Metabolic Factors Affecting. B. Feinstein, R. E. Pattle, and G. Weddell. 1.
Frontal Lobe Atrophy of the Strümpell Type, Thalamic Degeneration Following Bilateral Premotor. R. M. Norman. 52.

H

Head Injury, Investigation of Vestibular Function Following. D. G. Phillips. 79.
Head Resistance, and Other Physical Factors, The Effect of Age, on the Stimulus Threshold of Electrically Induced Convulsions. D. Watterson. 121.
Herpes Zoster, Lesions of the Central Nervous System in. I. R. S. Gordon and Joyce F. Tucker. 40.

I

Investigation of Vestibular Function Following Head Injury. D. G. Phillips. 79.

L

Lesions of the Central Nervous System in Herpes Zoster. I. R. S. Gordon and Joyce F. Tucker. 40.
Leuco-Encéphalite Sclérosante Subaigue, Une. L. Van Bogaert. 101.

M

Mental Organization in Senility, An Exploratory Study of. Margaret D. Eysenck. 15.
Metabolic Factors Affecting Fibrillation in Denervated Muscle. B. Feinstein, R. E. Pattle, and G. Weddell. 1.

N

Neurosis and Sexuality. E. Slater. 12.
Night Visual Capacity of Neurotic Soldiers. W. Linford Rees. 34.

O

Observations on the Effect of Centrifugal Force in Man, Some. W. K. Stewart. 24.

Oculomotor Palsy Cyclic. I. S. McGregor. 22.

P

Palsy, Cyclic Oculomotor. I. S. McGregor. 22.

R

Recommendations for the Design and Performance of Electroencephalographic Apparatus. G. D. Dawson and W. Grey Walter. 61.
Rhythmic Slow Discharges in the Electroencephalogram. W. A. Cobb. 65.

S

Senility, An Exploratory Study of Mental Organization in. Margaret D. Eysenck. 15.
Sexuality, Neurosis and. E. Slater. 12.
Static Tremor in Anxiety States. J. D. P. Graham. 57.
Stimulus Threshold of Electrically Induced Convulsions, The Effect of Age, Head Resistance, and Other Physical Factors on the. D. Watterson. 121.

T

Thalamic Degeneration Following Bilateral Premotor Frontal Lobe Atrophy of the Strümpell Type. R. M. Norman. 52.
Tremor, Static, in Anxiety States. J. D. P. Graham. 57.

V

Vestibular Function Following Head Injury, Investigation of. D. G. Phillips. 79.
Visual Capacity, Night, of Neurotic Soldiers. W. Linford Rees. 34.
